Barry Town United AFC Company Limited by Guarantee Registered Number: 06796885 Additional comments

The Directors present additional comments for the period ended 31 December 2024.

Turnover

The Club's income has stabilised although the income from parties etc is not what it was due to the current Cost of Living Crisis.

Gate receipts are limited due to a fall in the number of spectators regularly attending games.

The Directors continue to look for further sponsorship opportunities to increase income, whilst also looking for other investors as the income received for previous UEFA Competition participation has now been depleted.

The Club has recently appointed a Commercial Manager so it is hoped that having someone permanently employed on this very important income stream will prove worthwhile.

We continue our philosophy that the Club meets its financial obligations as and when they occur. This policy has not changed in the time the Club has been in operation.

Summary

The Directors need to work on further opportunities to increase income from sponsorship to become more competitive in the Cymru Premier League and the appointment of a Commercial Manager is a huge step forward. The Directors are also still actively seeking new investors in the Club.

This report was approved by the board on 6 March 2025 and signed on its behalf.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

I have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the accounts and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of accounts that are free from material misstatement, whether due to fraud or error.

In preparing the accounts, the directors are responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the accounts

My objectives are to obtain reasonable assurance about whether the accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these accounts.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities, outlined above, to detect material misstatements in repeat of irregularities, including fraud. The extent to which my procedures are capable of detecting irregularities, including fraud is detailed below:

A further description of my responsibilities for the audit of the accounts is available on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of any auditor's report.

Use of my report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. My audit work has been undertaken so that I might state to the company's members those matters I am required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the company and the company's members as a body, for my audit work, for this report, or for the opinions I have formed.

Extent to which the audit was considered capable of detecting fraud or irregularities

I identify and assess the risk of material misstatements of the financial statements whether due to fund or error and then design and perform audit procedures responsive to those risks, including obtaining audit evidence that is sufficient to provide a basis for my opinion.

In identifying and addressing these risks in my procedures including obtaining an understanding of the operational, legal, and regulatory framework that the company operates in.

As a result of the above I identified controls over cash earnings, adherence to employment tax legislation and the compliance with the conditions of grant awards as key areas which could lead to material irregularities including fraud. In response to this I carried out analytical procedures to identify any unusual or unexpected relationships, tested controls over income and evaluated and tested significant transactions that were unusual or outside the normal course of business.

As discussed above in "Auditor's responsibilities for the audit of the financial statements" my procedures give a reasonable assurance but not a guarantee that the statements are free from material misstatements including those due to irregularities and fraud.
